# Company Brief

**G**enpart Services Ltd started operations in 16 years ago and was incorporated as a private limited company in 2013. Genpart strives for high standards in sales and service. Our valued client chain is proof that we are a trusted supplier of products services in power backup systems, especially generators.

**G**enpart Services Ltd is a leading provider of comprehensive diesel generator solutions, specializing in sales, spare parts, repair, overhaul, service, and maintenance. We are committed to delivering reliable power, peace of mind, and exceptional customer service to businesses and organizations across the regions of Kenya.

# Expertise & Mandate

**W**e understand that reliable power is critical for your operations. That's why we offer a full suite of services, from selecting the perfect generator to ensuring its optimal performance throughout its lifespan.

Although our core business is generators, we also deal in plant and industrial equipment, parts and service. We are key stockists of generator parts and assorted components.

Over the years, our asset base has grown significantly and today we are proudly positioned as a successful Small & Medium Enterprise in our sector.

**O**ur hope is for you to discover this place and appoint us as your preferred supplier of all generator solutions. We are ever ready to provide free consultancy on matters affecting your generator and its components.

At Genpart Services Ltd, we have harnessed and invested suitable intellectual capital that promotes superior collaboration and idea-sharing with our beneficiaries. We are committed to help organizations and enterprises stay profitable through provision of

uninterrupted power supply needed to run your enterprise. Our motto is to focus all efforts to consistently deliver quality and service which exceeds the toughest demands and scheduling. We do this by employing tactical business outsourcing models, ROIs and best practices.

**W**e aim to do this by providing direct benefit to our clients through competitive pricing, scalability, and building quality partnerships with manufacturers, dealers and other resellers.

Through our widely recognizable strengths, Genpart Services Ltd maintains the technical expertise, professionalism, and financial capacity to succeed on the largest and deemed most mission-critical requirements

**We make happy customers, and they make us better.**

# Culture & Values

1

## Value For Money

Zero tolerance to exploitation and corruption. We seek to give value for money

2

## Integrity

We NEVER switch genuine parts for generic, only by a client's order

3

## Authenticity

We do the best we can to provide alternatives when unable or temporary solutions that work

4

## Competency

Our product knowledge and years of experience is a beacon to our clients

# Why Us?

## **One-Stop Shop:**

We offer a complete range of services, eliminating the need to work with multiple vendors.

## **Competitive Pricing:**

We provide competitive pricing and flexible financing options to fit your budget.

## **Fast Response:**

We respond quickly to your needs, ensuring minimal downtime and operational disruption.

## **Long-Term Partnerships:**

We build lasting relationships with our clients, providing ongoing support and expertise.

# Our Promise?

## **Reliability:**

We stand behind our products and services, ensuring your power systems operate flawlessly.

## **Expertise:**

Our team of experienced technicians possesses in-depth knowledge of diesel generator technology.

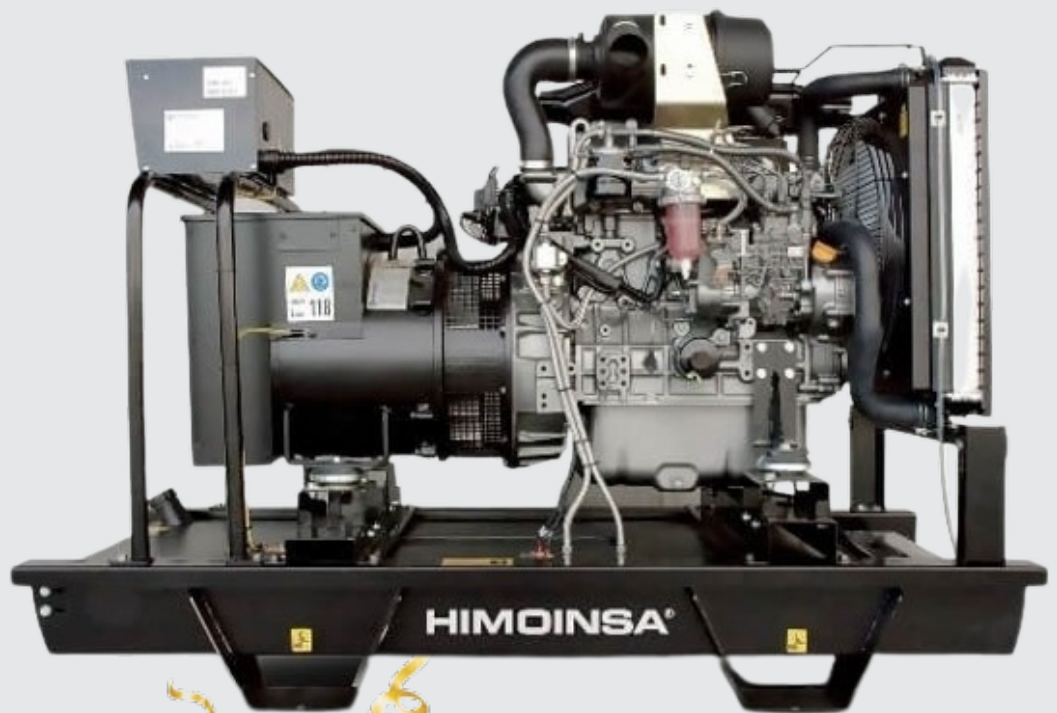

## **Customer Focus:**

We prioritize your needs and provide personalized solutions to meet your specific requirements.
